

DIARY – SICILY (Nov. 8th-15th, 2015)

8. 11.- Our departure was at three o'clock . We arrived at the airport in Trieste and our first flight was to the Rome. From Rome we had a flight to Catania in Sicily. There were host parents waiting for us at the airport. My host's name was Rebecca. When we arrived at Rebecca's home, I just left my suit case and we went to Rebecca's aunt. There we had a delicious lunch. In the evening we went home. I gave them presents from Slovenia and they were very happy. We had dinner and I went to bed at ten o'clock.

9. 11. – When I woke up, there was a girl from Bulgaria – Michaela in our house. She was a guest at Rebecca's too. In the morning we didn't talk a lot, because we needed to hurry up to school. We gathered on the school parking. We waited for somebody, because they were late. We walked to the railway station. At first we took a train and then we continued by subway. We saw a beautiful garden and the city centre. Above the park you can see a magnificent Etna, the volcano. We saw a square with trademark of Catania - the elephant. We had lunch and then we went to Rebecca's volleyball match. Then we had dinner. After dinner I talked to Michaela for a long time. We went to bed at midnight.

10. 11. – I woke up in the morning. We went to school where we had presentations from Slovenia, Italy, Poland, Germany and Bulgaria. Then we had lunch at school. In the afternoon I was with Ema and Katarina. I was with them until we went bowling. I enjoyed there very much, at the end I was tired.

11. 11. – On Wednesday we went to Etna. First we took a walk through the national park. The nature there was very beautiful. We had lunch and then we took a walk to the old crater. I liked this place because the active crater is very close. Then we went to the honey farm and we tried different flavours of honey: orange, strawberry, and pistachio. In the afternoon I was with my host family and in the evening we went to the shopping centre where we met with Ema, Katarina, Agnes and Kristjan. I liked this evening because I was with my friends.

12. 11. – In the morning we went to school. We were thinking that we were going to paper industry, but this was diaper industry. Then we went to the olive oil farm. There we saw olives and procedure how they make olive oil. We had lunch in cooking school. We were served as in fancy restaurant. I liked this very much. This evening we went to the shopping centre, but after half an hour we went home.

13. 11. – Today we had sports activities at school: volleyball and football. I liked that we played in mixed groups. Each of us received a backpack and pen with the logo of the school. Next we saw the whole school. In the afternoon we went to Ibla Ragusa that is a city near the sea. I liked the city. In the evening we had a party. I liked it because the songs were very good. The party was too short, but it was great.

14. 11. – We went to the farm where they make special cheese: Ricotta. I tasted it but I didn't like it. We had lunch and then we celebrated Guliana's birthday. In the evening we had hot dog for dinner and we said goodbye to some of our new friends.

15. 11. – This was the last day. With my host family we accompanied Michaela to the airport. Then we went to the beach but unfortunately it was too cold to swim. After this we went to Rebecca's

aunt. There we had lunch. Her aunt gave me beautiful earrings and my host family gave me a box of their special deserts. Then they accompanied me to the airport.

I enjoyed Sicily very much.
